**AvMed Honored by State Senator Annette Taddeo with  
Business of the Month Award**

*Organization celebrates 50<sup>th</sup> anniversary year with notable recognition*

**MIAMI – December 19, 2019** – AvMed, one of Florida’s oldest and largest not-for-profit health plans, celebrates its 50<sup>th</sup> anniversary year with a Business of the Month award by State Senator Annette Taddeo. Recognition was bestowed on AvMed due to its presence in district 40 of Florida and long-standing reputation as a community partner.

“For half a century AvMed has been Florida’s trusted healthcare partner. Their longevity and commitment to providing health and care to the communities it serves, through all stages of their lives, is without a doubt a source of great pride for my district,” said State Senator Annette Taddeo.

“We are so honored that State Senator Annette Taddeo has highlighted us as her district’s Business of the Month,” said Jim Repp, president and chief operating officer, AvMed. “For us it’s always been about helping the community embrace better health whether that’s through fitness, nutrition, emotional wellbeing or healthcare access.”

AvMed has been at the same Miami office location for the past 50 years, helping to make the Florida community live healthier. From outreach programs with organizations like the American Heart Association, American Diabetes Association and United Way to collaborating with the Parks Foundation of Miami-Dade County to offer free and accessible outdoor fitness spaces, AvMed’s commitment to the community has been a constant.
