

Care Opportunity Report Provider Response Form

HEDIS measures are used to gauge the quality of care health plan members are receiving. The AvMed Care Opportunity Report provides you pertinent information regarding your patient's compliance status for selected measure.

Submitting claims with HEDIS relevant codes is the best way to close member gaps in your Care Opportunity Report and reduces the need for medical record reviews. Please refer to your HEDIS Matrix for specific codes by measure.

If you have HEDIS information that you cannot code on a claim, then, you can close the gap by submitting the medical record indicating the member has already received the relevant service or has a condition that excludes them from the measure.

All medical records should show the member's name, date of birth and date of service.

Fax all medical records, along with this completed cover page, to AvMed Corporate Quality Improvement at **1-800-331-3843**. Use additional pages if necessary. You may also email responses to CareResponse@avmed.org
